FALL '17

Welcome to Fall! The hot weather is behind us and soon we'll be roasting marshmallows and raking leaves!

THE ROAD BACK TO SCHOOL

It's that time of year – the time kid's dread and the time parents can't wait for; it's time to go back to school! But seriously, no matter whether you're a parent, teacher, or student, back to school time is the perfect time to have us inspect your car and have it ready for the road ahead.

Grade School – Not only do you want to ensure that your vehicle is car pool-ready for all your little passengers, you'll want it ready for maneuvering the school's drop-off/pickup system (which can be trickier than the running laps at Indy).

High School – High school brings one of the biggest events in a teenager's life, the driver's test. So why not rest easy knowing that the car they're parallel parking is in tip-top shape.

College – Before heading out on the on the long commute to college, or for trips there and back, we can get your vehicle road-ready. And if you tell us where your student is headed, we will even provide a list of recommended service centers, in case of emergency.

DRIVING INTO FALL

With the changing seasons just around the corner here are 3 fall driving safety tips:

1 Avoid Wet Leaves
As soon as they hit the road wet leaves can be a major hazard. Not only can they cover parts of the road, but also wet leaves are extremely slippery and can interfere with your wiper blades.

2 Keep a Lookout for Changing Light
Not only do we lose an hour from "falling back", but we have to adjust to the sun's glare hitting us at different times. Be safe by being aware of pedestrians and cyclists.

3 Plan Ahead
Have your car winterized at Waterloo Automotive before the harsher weather sets in. We can check your battery, fluids, ignition, thermostat, lights and more. Also keep a winter care kit (first aid kit, flare, blanket, flashlight, shovel, sand) in case of emergencies.

Waterloo Automotive
 622 N Market St.
 Waterloo, IL 62298
