

FALL '20

We were so humbled and honored on July 21st when representatives from Scott Credit Union walked in our door and announced that we were the recipients of their "People Helping People" grant award. We were absolutely speechless, and if you know our bunch that's hard to accomplish! Thanks again to Scott Credit Union for the award and to all of our great guests that made this possible.

FALL IS ALMOST HERE!

As I write this it's the beginning of August and it's 66 degrees outside! Before too long it will be like this all of the time as fall approaches. Leaves fall, temperatures drop, and the days get shorter. Spring and fall are both great times to replace wipers and make sure that all of your lights illuminate properly. We inspect these items every time your car comes in for service. Some of the college students will be heading back to school as well so we've attached some coupons to help out getting these important concerns addressed.

SAFETY SERVICING YOUR VEHICLE

As we continue to work through the pandemic rest assured that we are still using all safety and cleaning procedures and still offering pickup and delivery as well as the complimentary Ozone Purification. Things will never be the same again.

ON THE RADIO

We were very fortunate to be interviewed by Marc Cox from 97.1 FM Talk on Friday, 7/31 on the Marc Cox Small Business Showcase. Mark really expressed how much he liked the town of Waterloo. For a listen go to <https://971talk.radio.com/blogs/the-marc-cox-morning-show/waterloo-automotive-the-marc-cox-morning-show-small-busine> or a link is on Marc's page on the 97.1 talk website.
